

RUSSIANS, IN ROUT: EVACUATION BREST-LITOVSK

CITY COMPLAINS TO STATE COMMISSION IN WATER CO. CASE

Mayor Says Company Does Not Comply With His Orders.

Mayor Mark D. Smith has filed complaint before the state public utilities commission against the Dixon Water company for failure to comply with sections of the company's franchise with the city of Dixon, pertaining to the extension of water main. A copy of the franchise, and the city's statement of the facts as set forth have been forwarded to the commission at its offices in Springfield by the mayor.

Commenting upon the objections Mayor Smith said:

"The water company was served with notice to extend water main service in Dixon in compliance with the franchise. None of the principal extensions ordered was on Jackson avenue, and there are others that have not been made. The attention of the company and its attorneys have been called to these cases but so far without result. I have forwarded a copy of the franchise and set the facts before the state public utilities commission for their consideration."

One of the attorneys for the Water company has stated that the city objected to the allowance of a raise in rates for the company in face of the fact that the company has been operated at a great loss and now are complaining to the state utilities commission because the water company has not extended its mains, when the company is financially unable to do this work at this time. He further stated that the company had promised the city that the extension would be made just as soon as finances were available, the Jackson avenue extension costing approximately \$1,200.

Young People Meet in Institute This Week at Franklin

The Franklin Grove Camp Ground is being utilized during the days of this week in a Vacation Institute for the development of better moral living and better ideals on the part of the young people. The session opened on Wednesday evening with a get-acquainted program. The members of the faculty were introduced and each responded with a brief word concerning the particular classes, following which A. J. Bishop, of Steward, brought several reels of moving pictures relative to Epworth League Institute life in the various centers of this country, closing with a fine picture of Boy Scout work portraying the capturing of a German spy during the war. On Thursday and Friday evenings Dr. Irwin, of Chicago, will bring the story of Jean Valjean in a moving picture from Victor Hugo's "Les Miserables," one of the finest picture-plays of the present day.

This institute is under the auspices of the Joliet-Dixon District Epworth League of which Rev. Q. R. Wright, of Broadway Church, Sterling, is the president, and Miss Miriam Rosecrans, of Ashton, is secretary. The faculty is made of some of the strong men and women of the conference. T. K. Gale, the district superintendent, W. R. Wilson, T. P. Grannum, W. E. Kern, Mrs. J. L. Anderson. Six regular classes in Evangelism, Social Service, Christian Citizenship, Foreign Missions and Life Service are being maintained. The opening afternoon found fully 75 people on the grounds and Thursday morning brings an added number.

The institute will close on Sunday, Rev. H. C. Brown, of Tampico, will deliver the institute sermon at 10:00 o'clock. A Life Service address will be given at 2:00 o'clock, the Epworth devotion meeting at 6:30, and the closing address and farewell service at 8:00.

Abducted Child is Given to Abductors

By Associated Press Leased Wire
Laconia, N. H., Aug. 19.—A decision filed in superior court by Judge Thomas L. Marble yesterday gave the custody of six-year-old Constable Hope Winter, who it was charged was abducted from her home at Ottumwa, Ia., on Oct. 13 last, to her aunt, Ella Forbes Buchanan, and her sister Helen M. Winter. The decision said the "child's welfare would be best promoted by permitting her to remain with the abductors."

Things Quiet in Mex.; Volcano is Restless

By Associated Press Leased Wire
Mexico City, Aug. 19.—The volcano of Popocatepetl is showing signs of activity, luminous smoke being visible above its crater and ashes falling on the neighboring town of Ayotzingo, in the state of Mexico.

DEAD SAILORS' WIFE TOO POOR TO CLAIM BODY

Remains of Man Found at Sterling to Be Buried There.

Sterling, Ill., Aug. 18.—F. B. Piersal, claim agent for the Chicago & Northwestern railroad company, arrived in this city Tuesday afternoon for a coroner's inquest to be held over the remains of Charles Wilbur Conover, whose lifeless body was found along the east bound tracks of the Northwestern just east of this city early Monday morning. Upon his arrival he found that the fireman, J. L. McKenzie, who had first discovered the body, was out of the city and it would be impossible to hold the inquest until he was here. Coroner C. M. Frye then postponed the inquest until Thursday afternoon at 2 o'clock at Woods' Undertaking parlors, where the body is being held.

A telegram sent by chief of police J. G. Haglock to the mother-in-law at Chicago was unanswered and the reason for this was explained by Mr. Piersal, who had a copy of a statement made by the young man's wife at Chicago. She stated that Charles W. Conover was her husband and that they were the parents of two small children. That on account of his deafness he was unable to hold down a position and support her and the children and that she was living with her parents. Her father had objected to her marriage and would allow her to have nothing to do with her husband. That he had gone to Los Angeles in search of work about two months ago, and that the last time she saw him was just before he left. The wife's parents would not claim the body here and give it a burial and as she was without funds, she could do nothing. She knew nothing of the whereabouts of her husband's parents, as they had separated and re-married. She knew that his father was a musician with the Yankee Robinson circus.

The Yankee Robinson circus played Sterling about two months ago and Mr. Conover, father of the dead boy, was with the circus at the time. As the young man was at one time in the U. S. Navy, where he lost his hearing, it is believed that he will be given a military funeral here, as it is in keeping with the custom of the people of this country that an American soldier or sailor shall not be buried in a potter's field.

AMERICANS IN ASIA MINOR IN FAMINE DANGER

Relief Workers Under Turkish Fire at All Times.

Constantinople, Aug. 16.—(By Associated Press.)—Showers nightly with Turkish bullets and facing famine, eighteen American workers of the American commission for relief in the Near East have been besieged in Adana, Asia Minor, since June 20. Twice the French troops holding Adana have fought their way to Mersina, the nearest port, and have returned with heavy losses. A flour cargo of the American relief commission for beleaguered Adana is waiting at Mersina. The railway has been demolished and supplies can reach Adana only by motor trucks, heavily convoyed with a great loss of life through the sixty mile stretch controlled by Mustafa Kemal Pasha, Turkish Nationalist leader.

The siege of the city was described by Webster Anderson of Crawfordsville, Ind., who has arrived in Constantinople after escaping from Adana on Aug. 7 and walking south-east to the Mediterranean. Thus far the Americans have not been injured but their buildings have been peppered.

The French artillery in Adana kills many Turks and affords cover for the troops which make frequent sallies into the surrounding farms and vineyards for food. The Americans are maintaining soup kitchens and workshops for 10,000 Armenian refugees.

DAUGHTER BORN.

Mr. and Mrs. P. O. Heckman recently of Dixon, now of Oregon, Ill., are the happy parents of a daughter born yesterday.

WEATHER.

THURSDAY, AUGUST 19, 1920.
By Associated Press Leased Wire
Chicago and vicinity—

Fair followed by showers late tonight or Friday; not much change in temperature; moderate easterly to southerly winds.

Showers late tonight and Friday, except fair in extreme south portion tonight; not much change in temperature.

LOCAL TEMPERATURE.

The range of the local temperature during the 24 hours ending this morning was between 93 and 62 degrees above zero.

DIXON KNIGHTS PLAN TRIP TO CONCLAVE AT ROCK ISLAND, AUG. 31

Special Pullman Charter- ed for Local Knights Who Attend.

The members of Dixon Commandery No. 21 Knights Templar, are ranging to go to the 64th Annual Conclave of the Grand Commandery of Illinois at Rock Island, Sept. 1 and 2 in style, and it is expected the local commandery will be well represented in all of the events of the two day session. A sixteen section Pullman has been engaged for local Knights who care to make use of it and Pullman will also be the Commandery's headquarters at Rock Island where it will be set out at the foot of Twentieth Street. This special car will leave Dixon at 9:00 p. m. Aug. 31, and returning will arrive in Dixon at 3:25 Sept. 2. On the return it will be set out on the side track here, and occupants will not have to get up until their usual hours. All Dixon Knights who contemplate attending the Conclave and who have not communicated that intention to the officers of the Commandery are requested to do so at once.

In preparation for the parade, dress parade and drills which will mark the Conclave, special drills of the Dixon Commandery will be held on the following dates, under instruction of Capt. Preston:

Aug. 22—10 a. m.
Aug. 26—7 p. m.
Aug. 29—10 a. m.

The drum and bugle corps will accompany the members from this city and Dixon is expected to make a good showing in the events.

Will be Great Affair.

The Grand Commandery Conclave promises to be one of the greatest in the history of the state organization. Rock Island, Moline and Davenport Knights are preparing to entertain the visitors royally, and arrangements have been made for side trips to the Rock Island Arsenal, Vander Veer, Lookout, Fejervary and Black Hawk Tower Parks, Augustana College and other points of interest in and about the Tri Cities.

The Sir Knights will begin assembling for the Conclave on Tuesday, Aug. 31. Escorts from Rock Island Commandery, with band, will meet all trains, and delegations will be assigned quarters upon their arrival. On Tuesday evening there will be a concert by the Columbia Commandery Band of Chicago at Long View park. The great parade, with counter-march, so that all participating may view all the marching divisions, will be held at 9:30 a. m. on Wednesday, Sept. 1. The Conclave will convene at 11 a. m. Wednesday at the Masonic Temple. Wednesday afternoon will be devoted to sight seeing trips, and in the evening there will be numerous band concerts and Commandery receptions.

Thursday morning at 9:30 a steamboat ride down the Mississippi on the new steamer "Capitol" will be enjoyed, and at 1:30 p. m. Thursday exhibition drills and dress parade will be staged on the review grounds at the Arsenal. At 8 p. m. the Grand Conclave reception and ball will be held aboard the steamer "Capitol," which will make a moonlight trip down the Mississippi.

Sunday's Game to Benefit Dixon Post Legion's Treasury

Members of Dixon Post No. 12 American Legion are boosting unusually hard for Sunday's afternoon game between the Dixon Browns and Paw Paw at the Brown Shoe Co. park in this city, for Manager Hal Drake has announced that the profits from the game will be donated to the Legion treasury—and the ex-service men's organization needs the money. The game should prove of great interest. Paw Paw was a cracking good team and they may have a couple of especially swift men in the lineup in an effort to trim the Browns. The prospects of a good game and an effort on the part of many Dixon people to help the Legion Post should result in high attendance at the game, which will start at 3 o'clock. Elliott, who was injured some time ago, is getting into first class shape, and it is expected he will be able to pitch one of his swiftest games.

Band Concert This Evening at Tavern

The weekly open air concerts by the Dixon Municipal Band, under the auspices of the Chamber of Commerce, which were interrupted by the Assembly, will be resumed this evening at 8 o'clock, when the band, under the direction of Prof. Smith, will give a popular program at the Nachusa Tavern balcony. Several selections which have proven popular with the crowds this summer will be played, and the Y. M. C. A. quartet will sing.

Mr. and Mrs. John Young motored to Rockford last evening.

MINERS' WAGE DEADLOCK MAY GO TO WILSON

Scale Committee Ad- journs After Five Days' Meeting.

By Associated Press Leased Wire
Cleveland, Aug. 19.—The bituminous coal miners wage scale committee of the central competitive field caucused here today to draft a message to President Wilson notifying him that his joint wage conference has been unable to adjust wage inequalities. About 50 representatives of the United Mine Workers of America from districts outside the central field attended. The joint scale conference of miners and operators adjourned sine die late last night, after being in session five days. They were deadlocked over the demands of the miners that day workers be advanced \$1.50 a day. While Ellis Searles, of Indianapolis, spokesman for the miners, said early today that although there will be no strike the operators were not so optimistic.

Illinois operators who were reported yesterday as willing to sign an agreement to give the day workers an increase of \$1.50, said today they probably would decide in a day or two what action to take.

Prior to adjournment of the conference, President Lewis of the miners, issued a statement saying if no agreement was reached at the conference, "the entire influence of the international union will be placed behind the miners of Illinois to secure satisfactory increases for all men in or around the mines employed by the day or month."

DIXON FANS SAW GOOD FIGHTS AT GRANT LAST EVE

Two Knockouts Feat- ure of Show at Rockford.

About 25 Dixon boxing fans motored to Rockford yesterday afternoon and last evening attended the boxing contests at the Camp Grant arena. About 10,000 people were present to see one of the best balanced and most interesting bills that has been shown this season. Two knockouts in the first two bills added interest to the program. In the first bout Kid Rosette of Camp Grant landed a knockout blow in the first round putting away Harold Brentz of Belvidere.

Boyd Grush of Mt. Morris feinted through two rounds in the second bill and to many appeared to be receiving the worst of the mauling. He was knocked down repeatedly and Stanfil of Camp Grant appeared to be certain of a victory and was taking his good time to putting Grush away when in the third Grush did the unexpected and knocked Stanfil down for the count.

Joe Mandell, local favorite in the semi-windup, was well deserving of the decision over Benny Vogel of Milwaukee. Mandell forced the fighting through the entire ten rounds and sent in many stinging punches. Vogel covered well and a minority of the rounds may have been given to him. In the feature bill of the evening Marty Henderson of Joliet met Frankie Kick of Rockford. The two fighters weighed in at 12 1/2 pounds and were evenly matched. Henderson allowed Kick to lead the fighting the most of the way, both men exchanging some good blows. "Cyclone Johnny" Thompson of Sycamore appeared in K's corner during the main go and was introduced by Captain Herlick. The two fighters were clever and showed fast work throughout their bout, which could be called a draw.

Women Won Victory Harding Declares

By Associated Press Leased Wire
Marion, O., Aug. 19.—Senator Harding declared today that the grant of suffrage to American women would be especially welcome to the Republicans in the coming campaign because "a great moral and social reform, recently achieved, is menaced by the covert purpose of our opponents to attack it."

He predicted that voting women would stand with the Republican party through a realization that it had led in achieving social betterment while the Democratic party "had notoriously refused" to enforce reform policies.

Commenting on completion of ratification of the suffrage amendment by the Tennessee legislature, the senator said:

"However much some of us may be pleased with the congratulations which assure us today that we helped bring about this result, the facts remain that the women won their own victory."

HAVE BABY GIRL.

Mr. and Mrs. George W. Wilson, of Chicago, are the parents of a baby girl, born yesterday. Mrs. Wilson was Miss Emma Canterbury, formerly of Franklin Grove and well known also in Dixon.

OGLESBY IN ADDRESS TO DIXON CROWD ON ISSUES OF CAMPAIGN

Shows Why People of State Should Fear Thomp- sonism.

Lieutenant Governor John G. Oglesby, republican candidate for Governor of Illinois, addressed a good sized crowd of interested Dixon people yesterday afternoon in a brief talk on the issues of this campaign. The Lieutenant Governor spoke from the porch of the Nachusa Tavern and was introduced by Mayor Mark D. Smith. Directly afterward the Governor and his party left for Amboy where they visited the fair grounds and then proceeded to Sterling and Rock Falls.

Governor Oglesby's brief speech in Dixon was direct and pleasing and undoubtedly made many friends for him. In part he said:

Tammanyism in Illinois.

While there are many problems or issues which, under ordinary circumstances, would engage the attention of the voters of this State, I feel, and I believe that you feel the most conspicuous and important issue confronting the people of Illinois, and especially the Republican party of Illinois is, "Shall the people of Illinois continue in control of their party, their affairs and their government, or shall we become subservient to the Thompson-Tammany machine of Chicago?"

Upon these issues I have every reason to believe that the Republican party at the Primary in September will, in a most emphatic way, let it be understood once and for all that the Republican party of Illinois will not have fastened upon it throughout this State a Tammany system of government.

The issue is plain. I have no words against any candidate for any office but I stand with the people of the State who oppose the principles adopted by William Hale Thompson. I am against Tammanyism in Illinois. I am unalterably opposed to the Thompson declaration of principles to which his state candidates have subscribed.

This is the same Thompsonism which Theodore Roosevelt denounced in 1918, which was repudiated by loyal people of the State at the 1918 primaries; which was rejected by the Republican State Convention last May; and which was ignored by the Republican National Convention in June.

Thompsonism is insistent. It asks more power. It desires control of State Government as well as the city government of Chicago. It must be considered now by the people of the State and rejected or adopted.

My candidacy has been brought about, not so much through personal desire, as the result of this crisis in the party, and a self-sacrificing elimination of many leading Republicans in the State who recognized that if the Thompson plan was to be met and defeated it would necessarily be based upon a single candidacy rather than many.

Let us analyze the situation. Let us note what William Hale Thompson and his associates have done to the city of Chicago. They have bankrupted the treasury of the city of Chicago. They are in default to the creditors of the city, working an injustice to those creditors and a reflection upon the good name of the city. During the current year they have already disbursed next year's revenue and the overburdened taxpayers of that city are confronted with a continually mounting indebtedness of millions of dollars. The current press carries the story that the banks of Chicago, as a matter of safety, have refused to further honor future certificates of indebtedness.

How does this situation, thus briefly told, compare with the business-like accomplishment and reorganization of the State Government of Illinois? Every effort and every energy of our State Government has been toward the application of economy and efficiency. Under the adoption of the budget system under the present Republican State administration, the cost of our State Government has been kept within the appropriations made by the legislature. In the face of all increased cost of commodities, the State tax rate has been reduced fifteen cents while government costs even.

(Continued on Page 5.)

Lowden Certifies Election of Judges Edwards, Stransky

By Associated Press Leased Wire
Springfield, Ill., Aug. 19.—Governor Lowden yesterday declared Harry Edwards and Franklin J. Stransky elected judges of the circuit court in the fifteenth judicial district. They were named at a special election to fill out unexpired terms of Judges Richard S. Farrand, Dixon and Ralph E. Eaton, deceased.

Mr. and Mrs. Dewey Adolph, Mrs. E. Manion, Mrs. L. Johnson spent this afternoon in Amboy and attended the fair.

ANTI-SUFFRAGE WORKERS HOLD MEET THIS EVE

Purpose is to "Save South" from An- thony Law.

By Associated Press Leased Wire
Nashville, Tenn., Aug. 19.—The Tennessee house adjourned at noon until 10 o'clock tomorrow morning without an effort being made to have it reconsider its action of yesterday in ratifying the federal suffrage amendment.

BULLETIN.
By Associated Press Leased Wire
Nashville, Tenn., Aug. 19.—Judge Debow charged the grand jury in the Davidson county criminal court today on the subject of efforts to improperly influence or corrupt the law-making power of the state and laid special emphasis on the fight for the ratification of the federal suffrage amendment by the Tennessee legislature.

INDIANS TO FUNERAL.

By Associated Press Leased Wire
Cleveland, O., Aug. 19.—Many people prominent in baseball are coming here to attend the funeral of Raymond Chapman, which will be held tomorrow in St. Philomena's Catholic church, East Cleveland. Among them is B. B. Johnson, president of the American league, who will receive from Manager Tris Speaker of the Cleveland team, a report of the accident which resulted in Chapman's death in New York Tuesday morning. James C. Dunn, president of the Cleveland baseball team, arranged today to have members of the team come here for the funeral of their teammate. The team will leave New York immediately after today's game and are due in Cleveland early tomorrow morning.

By Associated Press Leased Wire
Nashville, Tenn., Aug. 19.—Announcement that opponents of woman suffrage would hold a mass meeting tonight to discuss steps "to save the south from the Susan B. Anthony amendment and federal suffrage force bills" was taken as an indication that Speaker Walker would not attempt today to force reconsideration of the action of the Tennessee house yesterday in ratifying the nineteenth amendment.

Senator Oscar Underwood, of Alabama, and former Governor Pleasant, of Louisiana have been invited to address the mass meeting.

One Vote Delays Action.

One vote cast in the Tennessee house in favor of ratifying the federal suffrage amendment stood in the way of certification to the secretary of state that Tennessee as the necessary thirty-sixth state had completed ratification of the amendment in time for women of the country to vote at the November election.

It was the vote of Speaker Walker who changed his vote for nay to aye for the purpose, anti-suffragists said, of moving a reconsideration of the vote either today to tomorrow. Suffragists were planning today to move reconsideration of yesterday's vote at a time when their entire strength is on the floor. They figured that they would not be in danger of having a vote called by the anti-suffrage forces when several suffrage supporters were absent from the chamber.

WOMEN'S FIRST AIM

By Associated Press Leased Wire
Washington, Aug. 19.—The first aim of voting women should be the passage of a blanket enactment to remove "all discrimination against" them in existing legislation. Miss Alice Paul, chairman of the National Woman's Party, said today in outlining a tentative program for enfranchised women. Whether this subject should be undertaken by a separate organization would be determined, she said, at a convention already called to meet here.

As instances of discrimination, Miss Paul cited state laws which give the father exclusive custody of children and state laws which as now drawn, make women ineligible for public office. She also cited the fact that women who marry aliens lose their citizenship.

DEFEATED IN N. CAROLINA

By Associated Press Leased Wire
Raleigh, N. C., Aug. 19.—The federal suffrage amendment was defeated by the North Carolina house of representatives today by a vote of 71 to 41.

Toll of Explosion Swelled to Seven

By Associated Press Leased Wire
Muskegon, Mich., Aug. 19.—Four more of the men injured yesterday in the explosion in the rubber department of the Brunswick Balke Colander company plant, died this morning, bringing the number of dead to seven. Three others are in a hospital where it is said one probably will die.

CONGREGATIONAL NOTES.

The morning services will be resumed next Sunday morning. They will be held at the Presbyterian church in connection with their service at 10:45. In the absence of their pastor, Rev. Putnam will preach.

POLITICS

HARDING MEETS LAWMAKERS
By Associated Press Leased Wire
Marion, O., Aug. 19.—Senator Harding was at home today to meet members and former members of Ohio legislature, who came to Marion for a reunion luncheon and to hear an address by the Republican nominee.

Senator Harding planned to speak from his front porch, after the legislators had finished a picnic luncheon in a grove near the Harding residence. Both Democratic and Republican had been invited.

COX IN CHICAGO
By Associated Press Leased Wire
Chicago, Aug. 19.—Governor James Cox arrived here this morning for a three hour visit. He left at 11:30 a. m. for South Bend, Ind., where he speaks this afternoon.

The Governor was met at the station by members of the Iriquois club and George Brennan and Dennis Eggen, Illinois Democratic leaders. After greeting the reception committee, Mr. Cox shook hands with trainmen and the crowd.

F. D. ROOSEVELT IN WEST

By Associated Press Leased Wire
Helena, Mont., Aug. 19.—Franklin D. Roosevelt, Democratic vice presidential nominee was enroute today to Coeur d'Alene, Idaho, to continue his speaking tour after having crossed the Rocky Mountains yesterday three times, twice in an automobile, to keep engagements in Montana.

ICKES FOR COX.

By Associated Press Leased Wire
Chicago, Aug. 19.—Harold I. Ickes, one of Illinois' eight delegates at large to the Republican national convention that nominated Senator Harding last night announced that he would support Governor Cox, Democratic nominee for the presidency.

OTHER THINGS UP IN LEAGUE COX DECLARES

Made Speech in South Bend, Ind., This Afternoon.

By Associated Press Leased Wire
South Bend, Ind., Aug. 19.—National and international financial and economic readjustment, as well as the high cost of living, are bound up in the success of the League of Nations, Governor Cox, Democratic presidential candidate declared here today in addressing a large public hearing. "Our safety, our economic readjustment and our prosperity" all are involved in America's making the League a world force Governor Cox asserted, charging the Republican "senate oligarchy" with responsibility for delay in economic progress and belated reduction of living costs.

The Democratic candidate came here today from Columbus via Chicago and will speak tonight at the Indiana Democratic Editors' banquet.

"With the least possible delay after March 4, 1921, our pledge is to enter the league, making such additions as are reassuring and helpful," he continued. "This will legally end the war; it will help to re-establish credits. A call will be made upon our mineral wealth and our productive skill. We will have the ships to sail every sea; the supply of life's essentials will be equal to the demand; living costs will be reduced. What we would otherwise be spending for guns and powder would be applied to our war debt, and above all we will be happy in the consciousness that war is practically impossible."

Reiterating his charges of "reaction" against the Republican leaders, Governor Cox added:

"They discuss the high cost of living without apparently realizing that in a large measure they are responsible for the belated settling down of conditions which have continued the high cost of living."

Senator Penrose of Pennsylvania, Governor Cox declared was instrumental in preventing reduction of war taxes "on the theory that the people would blame the executive rather than the congressional legislature for failure to abolish burdensome taxation."

LEE CENTER VS. WALTON.

Lee Center and Walton baseball teams will meet on the Lee Center diamond Sunday afternoon. Lee Center boys are counting on another victory following their fine win from Troy Grove last Sunday. The Lee county boys were on top 3 to 0 in a game in which Beeny held the Troy Grovers to four bingles.

TO CAMP MEETING.

Rev. C. G. Unangst, pastor of Grace Evangelical church, left this afternoon for Oakdale Campmeeting, Freeport.

POPULATION

By Associated Press Leased Wire
Washington, Aug. 19.—Census figures announced today:
Webb City, Missouri, 7,807, decrease 4,410 or 33.9 per cent.
Idaho Falls, Idaho, 8,064, increase 3,237, or 67.1 per cent.

REDS RETIRE IN PANIC AS POLES ATTACK

Daring Move Turns Tide of Battles Before Warsaw.

BULLETIN
Berlin, Aug. 19.—(By Associated Press)—The Poles are advancing on Grandenz, West Prussia, in full force, according to a special dispatch to the Vossische Zeitung today. On the left wing strong Polish cavalry forces are moving against Polish from the south where the Russians are expected to cross the Vistula. Heavy fighting between the Poles and Russians is reported between Gdansk and Gdansk. The fifty-seventh, Fifty-eighth and Eighty Bolshevik divisions on the Warsaw front have been annihilated and thousands of Soviet soldiers made prisoners, tonight's official statement says.

By Associated Press Leased Wire

London, Aug. 19.—The Russo-Polish peace negotiations at Minsk were not continued Wednesday as agreed, owing to the fault of the Polish delegation according to a message dispatched from Moscow Wednesday by George Tchitcherin, soviet foreign minister to Leo Kamenoff, the soviet representative in London.

BULLETIN

Warsaw, Aug. 18.—(By Associated Press)—Russian soviet forces are evacuating Brest-Litovsk, the strongly fortified town on the Bug river 120 miles east of Warsaw, according to advices received here tonight.

Warsaw, Aug. 18.—(By Associated Press)—Russian soviet forces are fleeing in a disorderly panic along the front between the Vistula and Bug rivers, where the Poles are advancing with success, says an official statement issued here tonight. The Poles are using tanks, airplanes, armored trains and artillery in great numbers. At Novo Minsk, east of here, and Serock to the northeast, 3000 prisoners, seven cannon, hundreds of wagons and vast quantities of supplies have been captured from the Bolsheviks, the statement declares.

Looked Like Rout

The Bolshevik retreat last night and east of Warsaw where the soviet forces were closely driven by the Poles, took the semblance of a rout at some places, the statement reports. On the extreme left of the Polish line, however, and in the region of Lemberg Soviet advances are recorded.

Polish successes on all fronts, with the exception of the southern battle sector where the Russian Soviet forces are advancing in the direction of Lemberg, are reported in the official statement issued tonight.

Soviet prisoners are pouring into Warsaw in such numbers that it is becoming a problem how to care for them.

POLES TAKE LUKOW

By Associated Press Leased Wire
Paris, Aug. 19.—Lukow, a city about 41 miles southeast of Warsaw, has been captured by Polish troops in their counter attack against the left wing of the Bolshevik army, says the Warsaw correspondent of the Excelsior. His dispatch, which was sent on Tuesday night, declares the Bolshevik right wing also is in a bad situation.

The maneuver by the Poles in their counter-attack was an exceedingly daring one, the correspondent declares. It consisted in concentrating heavy columns of troops and delivering a surprise attack against the flank of the main Soviet army.

SOVIET COMMUNIQUE

By Associated Press Leased Wire
London, Aug. 19.—Fierce fighting is continuing in the region of Warsaw and Novogrodek, the strong fortress about 19 miles northwest of Warsaw at the confluence of the Vistula and Bug rivers, according to Wednesday's official statement issued by the Soviet government at Moscow.

In the Crimean sector engagements are going on with indecisive results, statement says.

Sen. Kessinger to Speak Here Tonight

A telephone message received by the Telegraph this morning from State Senator H. C. Kessinger of Aurora announcing that he would speak in this city at 9 o'clock this evening in behalf of

Today's Market Report

(By Associated Press Leased Wire.)

Grain Markets Off at Trade Opening

By Associated Press Leased Wire
Chicago, Aug. 19.—There was a lack of pressure at the start of the wheat market today caused initial prices to be firm. First quotations were unchanged to 1/4¢ higher, with December 2.39 to 2.39 1/2¢ higher, and March 2.41. Houses with eastern connections were in the market early but when corn started downward, there was free selling by local traders causing prices to take a sharp dip, which caused commission houses to buy on resting orders. They soon absorbed the surplus in the pit, and a rally set in and the market.

Corn was under pressure at the start due to rains in Nebraska, Kansas, Missouri, Iowa and Kansas where they were highly beneficial. September dropping 1/4¢ to 1 1/4¢ the range being 1 1/4¢ to 1 1/4¢, and December 1.22 to 1.22 1/4¢. The trade was rather light, sentiment being generally bearish with support lacking on the way down. The break was checked, however, as a result of some scattered buying.

Oats were off with corn, first quotations being down 1/4¢ to 1 1/4¢ with Sept. 77¢ and Dec. 85¢ to 85 1/4¢. Provisions were weaker and lower with hogs and grains.

Chicago Produce

By Associated Press Leased Wire
Chicago, Aug. 19.—Butter—unchanged. Eggs—unchanged; receipts 7080 cases. Poultry—alive, unsettled; fowls 25¢/35¢; market weak; Virginia Cobblers 4.00/4.40 per bbl. Jersey packed 2.60/2.75 cwt; Minnesota Early Ohio 2.40/2.50.

Chicago Livestock

By Associated Press Leased Wire
Chicago, Aug. 19.—Cattle—Receipts 10,000; choice steers, and yearlings steady to strong; others dragsy at uneven prices; quality very plain; early top 15.50; bulk good to choice 15.25 to 15.25; grass medium grades very dull and prices lower at 12.50/14.00; common kinds 9.50/12.00; slow; steady; early sales cows steady; undertone very dull; bologna mostly 5.50/7.25; early calf sales steady; choice vealers generally 14.25/15.00; selected lots higher; stockers steady to 25¢ lower.

Sweden	23	Norway	3
France	12	Estonia	3
South Africa	7		

No two press services have been able to agree on the table of points and the above figures represent the closest scrutiny of results and summaries.

By Associated Press Leased Wire
Olympic Stadium, Antwerp, Aug. 19.—Four American runners qualified in the preliminary heats of the 400 metre run in the Olympic games here today. They were Frank J. Shea, United States navy, J. E. Meredith, New York A. C. R. S. Emory, Chicago A. A., and George S. Schiller, Los Angeles A. C. Phillips, the only Canadian entrant for this event, also qualified.

The runners made slow time because of the heavy rains which fell here this morning. All four American entrants in the pole vault event, F. K. Foss, Chicago A. A., E. E. Knourek, Illinois A. C., E. L. Jones, Washington state college and E. E. Myers, Chicago A. A., qualified for the final.

Americans Have Lead.
Despite the unexpected victories of European athletes yesterday in the shot putting and the broad jump events of the seventh Olympiad, the American team went into the fifth day of competition at the Olympic stadium today with such a lead that it seemed they were assured of victory, unless some disaster overtook the entire team.

With eleven events finished and fourteen, including the decathlon, and modern pentathlon, and marathon remaining to be run, the Americans have a total of 101 out of a possible 242 points.

There were only two final events scheduled for today, these being the hammer throw and the 1,500 metres race. Americans have qualified in these and have excellent chances of placing. The day's program also included elimination heats in the 400 metre race, the pole vault, the 10,000 metre run, the 200 metre dash and the hop-step-and-jump.

To Give Runners Rest.
American entrants for the marathon race will probably be taken from the school house where the team is lodging to Ostend or the outskirts of Brussels today, in order that they may secure rest and quiet, for the next two days before entering the Olympic classic Sunday.

American fencers have been eliminated from the final contests in the individual foil event, Major F. W. Honcyott being the only American to progress as far as the semi-finals. America was also eliminated from the light weight wrestling competition last night, when George Matropoulos, of Gary, Ind., was thrown by a Dane.

Lieutenant H. L. Szymanski, of the United States army, light heavyweight won the liveliest bout of the evening from Stensrud of Norway.

One Yank Qualified.
Only one American, Fred W. Falter of Dorchester Club qualified in the forenoon semi-final heats of the 10,000 metre Olympic run here today. The day became dismal as the morning events progressed, and at 12:30 o'clock the few little knots of spectators rushed from the rain into the stadium restaurant for cover.

Locate More Funds of Ponzi Company

By Associated Press Leased Wire
Boston, Aug. 19.—Attorney General Allen announced today that \$15,000 of the funds of the Old Colony Foreign Exchange company had been located in a bank in New York and that this brought the total of the company's funds accounted for to \$150,000. He estimated that this represented 60 per cent of the amount received by the company from investors.

Returns of note holders in the Securities Exchange company conducted by Charles Ponzi had reached today a total of \$4,200,000, this amount including the 50 per cent profit promised by Ponzi.

FIVE RACES ON CARD

By Associated Press Leased Wire
Philadelphia, Aug. 19.—In order to catch up to the schedule, interfered with by rain on Monday the management of the Grand Circuit race meeting at Belmont Park again gave five events today. Another dash race at one mile and 100 yards was a feature, a \$500 purse for 214 pacers being offered. "The Holmes" stake of \$1000 for three year old pacers had a big field, including the champion Rite

NORWAY FORBIDS LUXURIES.
Christiania, Aug. 19.—Importation into Norway of articles of luxury such as automobiles, diamonds, laces, paintings, pianos and phonographs is forbidden by a government order effective today.

Mrs. J. A. Forrest went to Chicago this morning.

GREATEST FAIR IN HISTORY OF STATE TO OPEN

Illinois State Fair to Be "Best Ever" Director States.

By Associated Press Leased Wire
Springfield, Ill., Aug. 19.—With exhibitions of agriculture products, livestock, and the arts and industries of Illinois, unsurpassed by any former run in the Illinois state fair, this exposition, the Illinois State Fair will open here tomorrow. Its eight days promise, according to the management, to set new records in several departments.

Livestock exhibits, especially in the mule section, far exceed in numbers any previous Illinois state exhibit. Four full weeks ahead of the opening all space for advertisers and exhibitors was taken. For entertainment, race programs, music, and contests this year shows offers the best, it is said, because of new departures.

The program arranges special days as follows:
Friday—Foreman's Tournament day.

Saturday—Automobiles Racing day. Sunday Musician's Day.

Monday—Children's Day. Tuesday—Industrial day.

Wednesday—Soldier's, sailor's and marine's day.

Thursday—Governor and State Officers' day.

Friday—Springfield day.

Saturday—Auto and Aviation day.

Six hundred babies are entered in the Better Babies contest which will last throughout the fair. A score or more fire departments are listed in the tournament which will be held the first three days. All school children will be admitted free on Monday, and all war veterans on Wednesday. Horse races will be held throughout the week.

Director of Agriculture Charles Adkins, under whose department the state fair is held, declared, "There will not be a fair in the country to surpass ours this year. And we have the best gathering of stock judges the country affords."

Trained Nurse Advises People

"I was a great sufferer of stomach and liver trouble and cannot say enough in praise of Mayr's Wonderful Remedy. It has done so much for me and I am recommending it to other sufferers. I was a trained nurse in Marine and other hospitals years ago. Therefore many come to me for advice. I certainly received great benefit from Mayr's Wonderful Remedy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

ANOTHER REVOLT IN MEXICO IS SETTLED WITHOUT BLOODSHED

Govt. Reaches Agreement with Cantu in Lower California.

By Associated Press Leased Wire
Mexicali, Lower Calif., Aug. 19.—Details of the government which brought to a peaceful end the movement of Governor Esteban Cantu of the northern district of Lower California against the central government of Mexico were made public here today.

Under the agreement, all contracts of the Cantu administration are to be sanctioned by the government and Cantu employees are relieved of responsibility in connection with them. Other stipulations include retention in office of certain Cantu employees; resignation of Cantu in a "dignified manner"; granting to Cantu soldiers the choice of remaining in the territorial service or enlistment in the federal forces and acceptance of General Luis M. Salazar as governor.

The revolt of Colonel Esteban Cantu against the defacto federal government of a series of incidents commencing about the time of the overthrow of the Carranza government which indicated friction between the new regime and the territorial government of the northern district of Lower California.

Cantu Retained Office.
Baldomero A. Almada, a resident of Los Angeles, was proclaimed governor of the district June 1 at Mexicali, it being announced that he had been appointed by the defacto government.

It was announced Colonel Cantu would relinquish the office, but three days later he declined to do so. Senor Almada asserted gambling interests had persuaded Cantu to retain office.

The next move, on July 25, was the sending of Colonel Cantu of a protest to Provisional President De La Huerta, against holding general elections throughout the republic on Aug. 29. On July 28, Cantu announced the provisional government had dispatched 3,000 troops to "invade" Lower California. At the same time he issued a call to citizens of the territory to resist the invasion, started to recruit an army and broke off relations with the federal government.

The United States government took cognizance of the situation by refusing to permit exportation of war supplies to Lower California, and closing the border to all not having definite business on the other side of line. Luis Salazar, personal representative of President De La Huerta, visited Mexicali, Aug. 31 and the report was circulated Colonel Cantu had agreed to turn over the governorship to him.

At Sea 12 Days in Open Boat; Rescued

By Associated Press Leased Wire
New York, Aug. 19.—Picked up at sea unconscious in an open dory after living for 12 days on seaweed, two fishermen were brought into port today by the American steamer Mazama, from London. The fishermen, Thomas Constant and Raphael Gogor, say they had become detached in a fog from their vessel, the Glycine of St. Servan, France.

BIG CIRCUS

COMING TO DIXON

Will Exhibit Here on Tuesday, August 31.

Dixon and vicinity blossomed out today in myriad colors after the bill-posters of the first publicity car of the Sells-Floto circus completed their work.

AS AN OPTOMETRIST
I'll examine your child's eyes and make spectacles to insure normal vision.

DR. MCGRAHAM
Optometrist, Optical Specialist
206 First St. Phone 282

The car, in charge of Will Backell, was stationed in the railway yards from which point the operations of the crew were directed. A small army of bill-posters left the "White palace on wheels," at an early hour this morning for the highways and byways and, with an appreciative audience of admiring youngsters, eyes popping out of their heads, the papermen skillfully plastered up the reams of brightly-colored paper conveying the interesting information that Sells-Floto circus, second largest in the world, is to give two performances here, afternoon and night on Tuesday, Aug. 31st.

Circus men have come to the city, contracted the show grounds, feed supplies of all kinds, to say nothing of the city licenses, billing and transportation facilities for the long trains hauling the big amusement concern. With the first car came the lithographers and the contracting press agent. Others will follow with publicity men who will also do additional

newspaper work and city and country billing.

This circus opened the season in the Chicago Coliseum early in April, playing three weeks and the general verdict of the press was that it was the best three ring and stage performance even presented there, novelties in the air and rings, on the stages and hipodrome track being given in a manner that there was not a dull moment during the entire entertainment.

The performances open with "The Birth of the Rainbow," in which the great circus family is introduced, starting in a style most pleasing. The afternoon show begins at 2:15 and the night performance at 8:15, doors opening one hour earlier. The street parade will be given at the usual hour, so when the much-looked-for date rolls 'round, just arrange to take a holiday and see it all, for there is much to see, claims the publicity man.

Miss Hazel Junk is assisting at the M. M. Winter millinery store.

SEARCH FOR ROBBERS

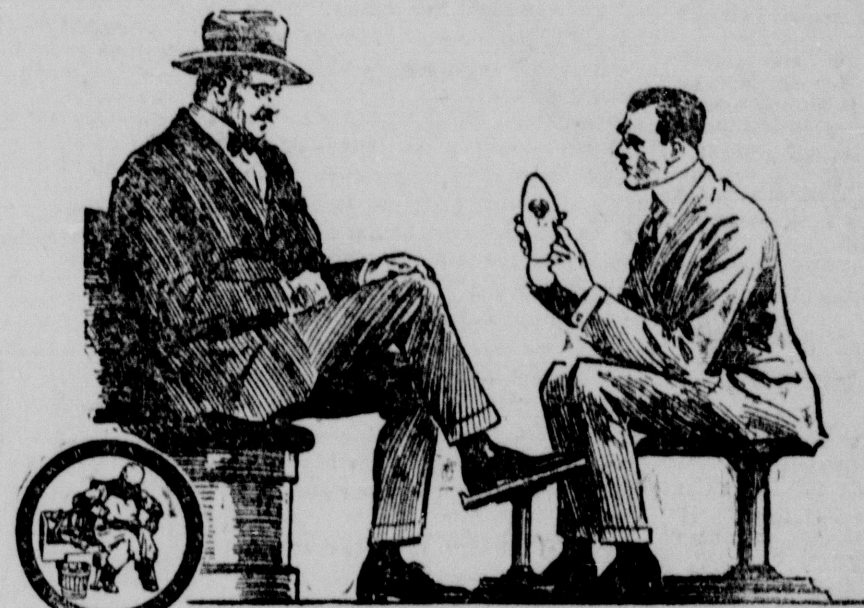

By Associated Press Leased Wire
St. Louis, Mo., Aug. 19.—Police and postoffice inspectors today were searching for a clue to the whereabouts of the two masked bandits who last night held up Missouri Pacific fast mail train No. 5 within the city limits and escaped with four pouches said to contain registered mail. The loss, postal officials said, will not be known until a check up is made.

UNCLE SAM'S INSURANCE

The federal government's insurance
business is doing very well.

Advance figures of the year ending
June 30 indicate this.

Policies covering more than 40 bil-
lion dollars of insurance are carried.
This exceeds any private life insur-
ance record ever made. Over four and
a half million policy holders carry U.
S. insurance. They are getting this
protection at less cost than private
corporations could give it to them.
This, of course, is to be expected, for
private concerns are in the business
for a profit. And, too, the cost of do-
ing business is lighter for Uncle Sam.
He has less soliciting to do, no com-
missions to pay, and fewer overhead
expenses.

Thus far, as the 1920 report shows,
the war risk insurance bureau has
done well. But the real test is to come.
While other businesses may be fairly
accurately gauged after a two-year
trial it is not so with life insurance.
There the real strain comes with the
aging of the insured. The death rate
grows claims pile high and higher.
Private concerns constantly renew
the youthfulness of their policy lists
by the addition of younger persons,
persons fit physically to pass exami-
nations.

The war risk bureau started with
an ideal collection of policy holders.
All were young, in the flower of man-
hood, physically fit, and to this was
added physical training in the out-
doors.

Government insurance is not an as-
sured success. But it may become so
if the business is done in a manner as
careful, as businesslike, as efficient
as private insurance concerns do it.
All other things being equally well
done the government insurance should
be lower in cost by reason of the
elimination of profit and high cost of
competitive business-getting.

THE ONE LEGGED VETERAN

The New York Tribune tells the
story of a man who lost a leg in the
naval engagement at Vera Cruz.

After his recovery, he was immedi-
ately retired upon a pension. When
the World War came on, he was
gladly re-enlisted as an expert wire-
less operator. But the military ser-
vices go upon the principle that no
one can belong to them unless able-
bodied and though the navy accepted
his man's services it stopped his
pension. The wireless operator made
to objection. Now the navy is retiring
him once more, but declines to restore
the pension. It argues that the re-en-
listment is proof of "able-bodiedness." It
refuses to keep him any longer in
the service because the absence of a
leg is proof of the want of "able-bodied-
ness."

The net result is that this patriotic
young man is penalized for his patri-
otism. Mr. Franklin D. Roosevelt,
candidate for vice president, has up-
held a great principle, the govern-
ment is saved a few pitiful dollars.

The Washington bureaucracy was
incompetent during the war. It is mean
and miserly in peace. Whoever our
next president is to be, he has a
chance to win everlasting credit for
himself if he does no more than go
through the public bureaus and sweep
out the bureaucrats, restores common
sense in the departments and reunites
government and humanity.

BRINGING UP FATHER.

PENNY FOR THE PEOPLE

Ninety-three cents out of every
dollar appropriated by the United
States government for 1920 goes to
pay for war—past or future, while
only six cents are used for primary
government functions and public
works together.

No less than \$3,855,482,586 out of a
total appropriation of \$5,686,005,709
must be applied to expenditures arising
from recent and previous wars.
This is 67.81 per cent of the total ap-
propriations for 1920!

But that is not all. To that enor-
mous sum must be added \$1,424,138,-
677, appropriated for the upkeep of
the War and Navy Departments for
this year. That is another 25.02 per
cent of the total appropriations. To-
gether these sums make up 92.83 per
cent of all moneys appropriated for
1920.

For the primary functions of the
government — legislative, executive
and judicial (except the postoffice,
which is self-supporting), the Inter-
state Commerce Commission, the Fed-
eral Trade Commission, as well as
public buildings, river and harbor im-
provements, reclamation, national
parks rural roads, the total ap-
propriations reach only \$349,290,782, or
6.16 per cent of all moneys ap-
propriated.

And for research educational and
development work, the pitiful sum of
\$57,093,661, or 1.01 per cent of the to-
tal, is appropriated for this nation of
105,000,000 people.

Imagine what advances could be
made in science education, the im-
provement and happiness of the na-
tion if one hundred cents out of ev-
ery dollar could go into the work that
now gets one cent!

Is it not time that humanity should
find a way to prevent this enormous
and all-consuming waste of its ener-
gy? Is it not time to end wars for-
ever?

Most women carry their hearts on
their sleeves, but as a matter of safety
they should never carry their votes
there.

In this "band-wagon" race the pub-
lic should be thankful that they hold
the stop watch.

The majority of women have nerves
—and that is what it takes to wear
the new styles.

I probably good judgment to buy
furs in August but it seems kind of
silly to wear them now.

Buying cantaloupes is one form of
gambling that is not prohibited by
law.

It's generally the old maids who
kick against the showing the new
feminine styles are making.

Uncle Sam M.D.

By Uncle Sam, M. D.
Health Questions Will Be Answered
If Sent to Information Bureau
U. S. Public Health Service Wash-
ington, D. C.

Q—Kindly give me all the informa-
tion you can about chorea (St. Vitus'
dance).

A—Chorea, or St. Vitus' dance, is a
disease, generally, of the young, char-
acterized by irregular, involuntary,
jerky contractions of the muscle as-
sociated at times with rheumatism and
heart disease. More than three-
fourths of all the cases occur between
the sixth and fifteenth year of age.
The disease is more frequent in high-
strung, excitable, nervous children, as
contrasted with the dull and phlegma-
tic. The nature of the disease is not
yet clearly known. Some authorities
believe it to be an infection; that is,
a disease due to some germ. The dis-
ease usually ends in recovery in from
eight to ten weeks, but sometimes
cases last for from three to six
months. Even when the disease is
apparently cured, relapses and remis-
sions may occur.

Children affected with chorea should
be guarded against irritation. If at-
tending school, it may be advisable to
keep them at home, or preferably,
even send them to the country for a
rest. All excitement should be avoid-
ed. They should be given good food
and plenty of rest in the fresh air.
So far as medicines are concerned,
arsenic is very valuable, but of course
this should be given only under a
physician's direction and supervision.

ADVENTURES OF THE TWINS

About Forty Turtle
Tingaling and the twins were sit-
ting on an island on Ripple Creek,
and the fairyman was talking.
"Before we go to Forty Turtle's
house to collect his rent," said he to
the children, "I wish to give you some
advice."
"To take perfume along?" asked
Nancy, "like we did to Snoopy
King's house."
"Good lands, no—I mean, good wa-
ters, no!" exclaimed the fairy. "Forty
is a clean as the inside of an orange
which nearly sent them all into the
water."
Tingaling looked so surprised he
couldn't speak for a minute, and he
picked up his hat, which had fallen
off. Then all at once a most under-
standing expression came over his
face, and he peeped down at the
children to see how they were taking
it.
"St. st, st!" he whispered, laying
his finger aside of his nose and look-
ing significantly down at the island
which had nearly upset them. Nancy

Suddenly the island they were sitting on gave a shiver which nearly sent them all into the water.

peel. It's about his looks, I mean.
He'd never do in the movies."
"Why?" asked Nick. It did seem
as though the children never would
get done asking questions.

"Why?" repeated Tingaling. "You'll
know why when you see a creature
with a body like a turned-over butter
bowl, a beak like Poll-parrot's, a neck
like a piece of bologna sausage, and a
tail about as handsome as a string
bean, to say nothing at all about his
hands and feet."

Suddenly the island they were sit-
ting on gave a shiver and a shake,

and Nick looked up, too, and to their
amazement discovered that instead of
earth or sand they were sitting on a
turtle shell exactly the shape of an
overturned butter bowl!

"Oh!" they exclaimed softly. "It's
Forty Turtle, isn't it, Mr. Tingaling?
Do you suppose he heard what you
said?"

The fairyman turned very red, for
he was wondering, too! He knew
exactly what that Poll-parrot beak
could do if it got mad. Besides he
didn't want a ducking.

ing more than one lump.

BY GEORGE McMANUS

Confessions of a Bride

The Child is the Kernel of the Mar-
riage and Divorce Question.
THE BOOK OF ANN.

The conversation of the party
around the tea-table had been switch-
ing from the divorce question. Mother
Lorimer took care of that as soon as
she heard the men coming down
stairs. In spite of the way daddy hurt
her, once upon a time, mother is al-
ways careful to avoid any reference
to his particular kind of sin. As
much as I love daddy, I often think
of a little of the continued-in-our-
next brand of punishment would be
good for his soul. Most neglected
wives administer it, but Mother Lor-
imer never does.

The family were discussing a sen-
timental subject, however—the mar-
rimonial arrangement between Fanny
Hurst, the story writer, and the hus-
band she married secretly five years
ago.

"They live apart for the sake of
their careers," laughed Ann. "Noth-
ing new in that—Jim's going back to

the aviation field next week, and I am
going to learn how to keep house by
myself!"

"There's nothing new under the
sun," observed Chrys. "That a man
and wife may achieve happiness and
careers most easily by maintaining
separate residences may be advanced
philosophy, but it isn't new at all. I
think it was invented by two English
writers, years ago. Greenwich Village
picked it up and tried it out. Miss
Hurst isn't original, you see."

"There's only one paragraph in Miss
Hurst's statement that interests me,"
said mother. "Miss Hurst says that in
the event of offspring, the child will
take the paternal name until reaching
the age of discretion, when the de-
cision would lie with him."

"A band new incentive to genius
to hustle to success," said Bob.
"Snow again!" remarked Jim. "I
don't get your drift!"

"A child would doubtless choose the
name of the most famous parent,
wouldn't it?" Bob replied. "There-

fore it behooves each parent to make
the most of his or her chance at a
career, seems to me."

"Life is so much simpler for per-
sons who are not geniuses!" said Mrs.
Best.

"Miss Hurst made plans for naming
possible offspring, but I don't see that
she says a word about a home for a
child," mused mother. "It doesn't oc-
cur to everybody, especially not to
geniuses, that a child is entitled to a
real home with a father and a mother
in it."

"The child is the kernel of the whole
marriage and divorce question!" Thus
Chrys seized upon the tabooed sub-
ject. "Some very clever persons find
marriage irksome, but think it wise
to live together for the sake of the
child. They're not what Miss Hurst
terms 'ante-diluvians' either. Most of
them have thought their way through
the conventions, and back again."

"Then spoke my dear same husband:
"If a man makes a bad business
venture, he expects to suffer for it.
If humand beings made a bad domestic
venture, they shriek out to be re-
lieved of the burden they have will-
fully assumed. The name of a child
isn't perhaps very important, but its
place at the center of the family is
extremely important."

Said mother, taking up the paper
with an account of the Hurst experi-
ment.

"Dear me! A lot of this new think-
ing doesn't seem to me to be very
clear thinking! The old traditions are
always abused, nevertheless, they are
founded on elemental and eterna
truths. I guess they will not be upset
by theorists. A lot of persons have
thought all around such subjects, as
Bob says, and, instead of breaking
up the home, to suit their own notions
of personal happiness or successful
careers, they strive to adjust them-
selves to the conditions of the home and
to labor for its preservation."

I looked at Ann. She was playing
with the cat. Theorize about the home
didn't worry her very much. But
somehow my own little bungalow took
on an air of tremendous importance.

It was a home! A real home!
I caught Bob's smile and was glad
Evidently my man was thinking the
same thing.

LEADERS REJOICE IN SUFFRAGE VICTORY; MRS. CATT IS HAPPY

Reviews Trials Workers Went Through in Long Fight.

By Associated Press Leased Wire
New York, Aug. 19.—Leaders of the women's suffrage movement are rejoicing over the adoption of the suffrage amendment. The sentiments of many of them were expressed by Mrs. Carrie Chapman Catt, president of the National Woman Suffrage Association, who said in a prepared statement:

"Our mothers began it. So it came on to us, in a way, a sacred trust. And a great part of our rejoicing today in the hour of victory is compounded of our feeling of loyalty to the past and our satisfaction that we have stood faithful to our trust."

"It was fifty-one years ago that the women of the National Suffrage Association began what was to be a fifty year long campaign to get the Congress of the United States to pass a federal suffrage amendment. Congress had been importuned for the amendment by the women even before that, but 1869 marked the organization of the 'National' with the avowed purpose of securing suffrage by national legislation."

"From that day until June 4, 1919, the maintenance of a congressional lobby in Washington to work for federal suffrage was part of the program of the National Suffrage Association. It meant keeping up an unbroken chain of lobby work at Washington for over half a century."

Before 22 Congresses.
"It was in 1878 that the amendment was presented to the 45th congress by the National in the form in which it was finally passed. Twenty-two congresses were to have a chance at it in that identical form. Before twenty-two congresses the women of the National were to stand and plead for justice. Of those twenty-two congresses the Republicans dominated both branches in eleven and the Democrats in four, while in seven the House was Democratic and the Senate was Republican. In this revelation of well-divided, long continued opposition lies, perhaps, the explanation of why women smile somewhat cynically today at all party claims to a monopoly of merit in forwarding measure so systematically opposed, the suffrage program. Never was a one whose progress was so vehemently disputed inch by inch."

"As with its passage, so with the ratification. Delay and obstacles have been the constant portion of the National Suffrage Association in securing the needed 35 states. Because of the failure of the 45th congress to pass the amendment, the measure had to go to the state legislatures in an 'off' year. Only ten states could ratify in regular session. Twenty-six special sessions have had to be called to secure the full complement of ratification. To get these special sessions called has been in itself a monumental work for the National Suffrage Association, necessitating an interminable chain of letters, telegrams and special personal emissaries."

"Now that it is all over, the feeling of 'ceaselessness' is probably the sensation uppermost with us all. And perhaps it is just as well that it should be. For women cannot stop. The National cannot stop. With a new purpose of making the vote register for an improved citizenship, the women of the National are already lined up under a new name, the League of Women Voters."

FOR SALE

OGLESBY IN ADDRESS TO DIXON CROWD ON ISSUES OF CAMPAIGN

(Continued from Page 1.)

everywhere else in the United States have mounted with the general increase in prices.

On the first of July of this year in the state treasury there was a net balance of over sixteen million dollars while the deficit in the treasury of the city of Chicago reached about the same amount. These comparisons are important to the voters of this state. They are sufficient, in my judgment, to cause them to place the stamp of disapproval upon the Thompson organization which, with wanton waste, has piled up deficit and a burden which the taxpayers of that city will be many years in effectually discharging.

Public Utilities.

Unfortunately as it may be, there has been no time when the problem of public utilities has not been the football of professional politicians. This issue of public utilities has been used selfishly for political purposes. It matters not what one candidate for governor or another candidate for governor may promise with regard to the utilities question, the fact remains that it is not primarily a matter for an executive but is essentially a question for the legislature.

At the coming election in November the people of Illinois will choose their local representative to the General Assembly. If elected a governor, I will recommend to the legislature a complete and careful consideration of this subject. If the legislature, after due consideration, sees fit to pass a law providing for municipal regulation of utilities—or so-called home rule—I, as governor, will approve the same. If the legislature determines that the regulation of utilities shall be by a public utilities commission, I as governor, shall insist

that provision be made to immediately improve actual adequate service for the comfort and convenience of the public. I shall further insist that no effort be spared to make the administration of the law as just as it is

possible for human agency to perform this important duty.

Every public service corporation doing business by favor of the people should be effectively regulated. The public utility commission should be large enough to give adequate service to both the State at large and the city of Chicago. The foundation of service charges should be upon an actual "service at cost" basis, which service cost should be only enough to provide for operation, maintenance and depreciation with a fixed and fair return upon the actual money invested. The rates allowed must conform to economic conditions so that no public service corporation shall overcharge the public and there must be supplied adequate service to the people of the State which they have a right to demand and expect for their needs, convenience and comfort.

Our Service Men.

Illinois appreciated the tremendous worth of the service rendered by her 350,000 soldiers, sailors and marines in the great World War. On land and on sea, under the water and in the air they performed each task with persistent courage and signal accomplishment. They gave all that need be in the battle of freedom.

Since complete success has crowned our arms and those of our Allies, our men have returned to take up the duties of peace. Their accomplishments in the full performance of duty and the preservation of our liberties will never be effaced from the pages of history.

Our National Government and our State should not and will not be forgetful. Certain duties are owed to you men and it should be the pleasure of the Nation and of the State to give you worthy and unstinted recognition. I believe so in the fair mindedness of these men that if elected governor I hope to be able to follow the decision arrived at in the proposed referendum vote of the Legislature in my recommendation to the legislature.

Women.

The women of our State have shown themselves capable in the past few years of meeting every emergency. They have proved their worth. They have come into their own, and rightly so, having been an integral part in the reconstruction of the world. Many will continue in roles of activity.

We welcome women in the full participation of the affairs of the government and the affairs of the Republican party.

Free Speech.

I join with the authors of the Na-

tional Republican platform in the demand that every American citizen shall enjoy the ancient and constitutional rights of free speech and free assembly and the no less sacred right of the qualified voter to be represented by his duly chosen representatives.

No man may advocate resistance to the law and no man may advocate the violent overthrow of the government. It must be kept constantly in mind that no one has the right to advocate a change of government or any of its institutions or laws by force. The ballot box affords a peaceable remedy for a free people. No specious claim of free speech or a free press can be allowed to cover advising a resort to violence to accomplish desired ends.

I have as little patience with a canting reactionary as I have with a wild radical. I believe that economic justice and social progress can be achieved through and under the orderly process of law.

National Ticket and Platform.

The Republican National Convention has presented to the country its candidates and has adopted a platform. As a candidate for the Republican nomination for governor, I support Harding and Coolidge, the party nominees. I also support the National Platform as adopted, without evasion and without seeking to subvert it by introducing and demanding support for a platform containing a mixture of the theories of the Single-taxers and Socialists, as has been done by the Thompson-Tammany machine of Chicago.

I appeal for my support to the sane, practical, honest progressive men and women of Illinois. I have said that I subscribed to the platform of the Republican party. As I cherish its principles as do I recognize the public service and importance of its organization. I would uphold its principles and earnestly uphold its political organization as a bulwark against the vagaries and foolish representation of the demagogue.

Consider the condition of the Republican party of Illinois if the Thompson-Tammany machine nominates a State ticket and plants it on their platform. That platform is in conflict with our Republican National Platform. How can we divide our strength and repudiate our National ticket by such a course? I appeal to Republican voters to avoid this dangerous situation by defeating the Thompson ticket and all of its candidates at the September Primaries.

REMARKABLE RECOVERY

Due to Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. You can publish this and I will tell any one who writes to me the good it has done me."—Mrs. MARGARET DART, 743 N. 25th Street, Philadelphia, Pa.

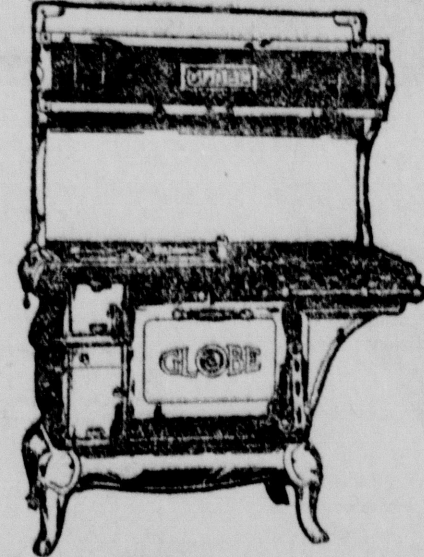

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved many suffering women.

HENRY C. ALLEN

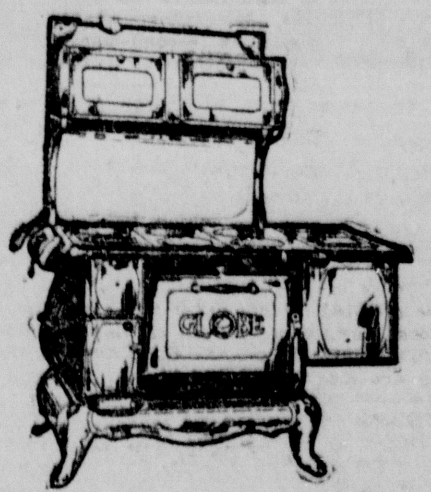

OF Lyndon, Whiteside county, CANDIDATE FOR MEMBER OF GENERAL ASSEMBLY ON THE REPUBLICAN TICKET from the 35th District, Lee, DeKalb and Whiteside counties. Primaries September 15.—Adv.

Supreme Globe Coal Range is said to be the most beautiful Range in existence—and it is just as good as it looks. We will soon have our complete line of Coal Ranges on the floor and can surpass all in style, quality and price.

The celebrated Globe Combination Coal and Gas Range in its beautiful sanitary dress attracts all Stove buyers. The Globe has been so satisfactory that its sales in Dixon exceed those of all other Combination Ranges.

America Vacuum Cleaners get ALL the dirt. Ask us to send you one on a week's free trial without obligation to buy. We also have them for 32 or 110-volt home electric plants.

Mirro Aluminumware. If you want to see a big stock of the finest Aluminumware ever made, just drop into our store. No kitchen should be without "Mirro" Cooking Utensils.

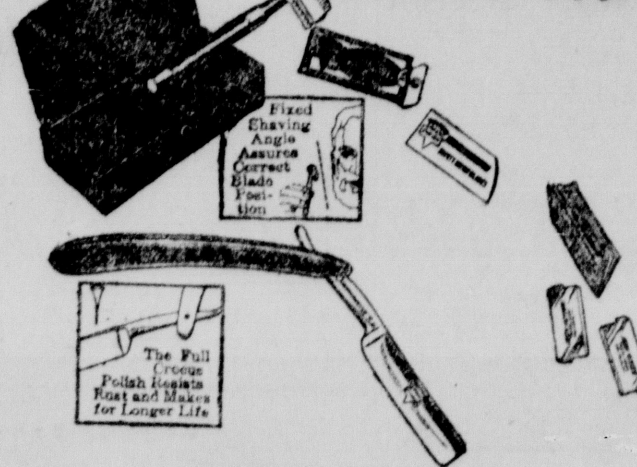

Garage Door Equipment. See our various types of garage door hangers BEFORE you build. Do not wait until your doors are made, for then it may be too late to avail yourself of the great convenience afforded by our various hangers.

Boys' Wagons. We have just received another lot of those Coaster Wagons we have been selling for twenty years. We show six sizes.

The KEEN KUTTER Quality Mark

How KEEN KUTTER Quality is Reflected in Razors

Whether on camping trail or at home, Keen Kutter razors are absolutely guaranteed to measure up to your most exacting demands. Their edge-holding quality, simplicity and deft balance are the result of the superior craftsmanship represented in Keen Kutter goods for more than fifty years.

In no other way than through years of development can such cutlery and tools as Keen Kutter be produced. If any Keen Kutter tool or piece of cutlery fails to give absolute satisfaction at any time you may have it replaced or get your money back.

This mark and the name "Keen Kutter" eliminate all uncertainty in tool buying. This quality mark covers a complete line of tools for every purpose, so all you need remember in buying a tool of any kind is the one name, "Keen Kutter"—and the mark.

No matter how much you pay, you cannot get tools, anywhere, better than those sold under the name of "Keen Kutter." Just look for the mark and you can't buy wrong.

Ten Drivers Trying Out Elgin Course

Elgin, Ill., Aug. 18.—The historic Elgin course today was the scene of preliminary tryouts by almost all of

the ten drivers entered in the annual national road race here scheduled for next Saturday. Interest quickened in the appearance of Ralph De Palma, the only driver who has won two firsts in the big race, and who rules a favorite. Speed fans also watched with particular interest Gaston Chev-

rolet another of the big ten listed for the start Saturday. Gaston piloted his car to first place at Indianapolis last Memorial Day.

LICENSED TO WED.
 A marriage license has been issued to William Edward Gillan and Miss

Florence L. McCaffrey, both of Amboy.
 Mr. and Mrs. M. H. O'Malley and Mildred of Chicago are visiting Dixon relatives this week.
 Miss Agnes O'Malley has returned home from a weeks visit with friends at Janesville, Wis.

DEMOCRATS WON.
 Jackson, Miss., Aug. 18.—Four of the five Democratic congressmen seeking renomination were successful in yesterday's primary, according to returns compiled by the Jackson Daily News.

ESSEX San Francisco to New York 4 Days 14 Hours 43 Minutes
 Lowers Transcontinental Record by 12 Hours 48 Min. Another Essex Going From New York to San Francisco Broke the Record For That Direction by 22 Hours 13 Min., Completing the Trip In 4 Days 19 Hours 17 Minutes

So Essex Holds the Transcontinental Record Both Ways

Two Essex touring cars, carrying U. S. Mail, each one making the entire trip between San Francisco and New York, have set the time records for their respective directions across the American continent.

And thus comes to Essex another distinction for reliability and endurance.

Except for one airplane record, these two Essex cars have crossed the continent in less time than was ever recorded by any travelling machine. The fastest time possible between San Francisco and New York by train is slightly less than the time taken by the light weight economical Essex. But in the case of the railroad train, many different locomotives are used, each pulling the train only a few hundred miles.

From Cheyenne to Omaha the route taken by the Essex was 43 miles longer than the 550 mile route of the famous Overland Limited yet the Essex time was but one hour longer than the express train time.

The World's Most Coveted Records

From the days of the Prairie Schooner, the Pony Express and the completion of the railroads men have sought to establish new transcontinental time records between the Atlantic and Pacific oceans.

It has called for the highest development of skill and courage. And it has, as in the case of the motor car, blazed the way to mechanical reliability.

The purpose of this Essex test was to prove its reliability. In the period of 114 hours was crowded more strains, more calls for endurance and mechanical strength than the average owner demands in a life time.

Every requirement of motor car performance was met by these two cars. And the fact that they so consistently met their tasks proves Essex uniformity.

The speeds at which they traveled were not so unusual, for another Essex stock car had on a speedway track gone 3037 miles in 50 hours. But in the transcontinental runs, some 350 cities and towns had to be crossed. Crowded traffic imposed its obstacles to consistent going. Mountain ranges in the East and West with grades such as the average driver never encounters, called for the utmost of hill climbing ability.

Few will ever motor all the way across America and therefore cannot know the extreme varieties of conditions encountered. But let each reader apply to his consideration of what Essex has done, every experience he has ever met in his own driving. It will give some appreciation of Essex reliability.

Light Weight Now Establishes Reliability

How gradual have men come to a realization that a light weight car can also offer reliance and performance.

Essex has led the way for that was its purpose from the very first. Economy is of growing importance. Men want to save in fuel and in first costs. But they want no sacrifice in performance and they demand unquestioned reliability.

Essex offered itself to the public without claim. Now more than 40,000 owners know and praise its worth.

Owner cars that had been driven upwards of 25,000 miles were used in the recent nation wide Essex week to establish reliability, economy, speed and hill climbing records.

To Essex owners the winning of the transcontinental records is not a surprise. But those who do not know Essex performance and reliability must regard that these two trips across the continent are as important in marking mechanical advancement as any similar event in the history of the motor car.

MAKERS OF STILL AT STERLING WARNED BY GOVERNMENT OFFICERS

Say Profitable But Illegal Industry Must Be Stopped.

Sterling.—Several firms in Sterling and Rock Falls, which have been manufacturing stills, are "shaking in their boots" in fear of prosecution by the authorities for the violation of the national prohibition act, which provides a fine of \$500 for each and every still manufactured with out a permit from the federal government. The individuals, to whom the stills were sold, are also uneasy as they, too, are liable for a fine if they have not notified the internal revenue office and obtained a permit. It was called to the attention of the officers several days ago that there were several firms in the Twin Cities who had been working overtime to fill orders for the manufacture of stills. One firm it was stated, had completed and delivered eighteen stills. States Attorney Ludens, delving into the prohibition law in preparation for the case against Bert Elgin, alleged owner and operator of a still which was confiscated on last Saturday, found a provision which strictly forbids the manufacture or setting up of a still without first getting a per-

mit from the collector of internal revenue of the district in which the plant is made and is to be operated. Warn Local Dealers With this information, the local dealers who had been making stills were visited and given warning on the illegal business. One dealer, Chief of Police Haglock says, admitted that he had been manufacturing stills and when told of the provision of giving a solemn promise to discontinue the work. The provision under which the maker and purchaser of stills are made liable reads as follows: "Any person who manufactures any still, boiler, or other vessel to be used for the purpose of distilling, shall before the same is removed from the place of manufacture, notify in writing the collector of the district in which such still, boiler, or other vessel is to be used or set up, by whom it is to be used, its to be removed from the place of manufacture, and no such still, boiler, or other vessel shall be set up without the permission in writing of said collector for that purpose such boiler, or other vessel, without first obtaining a permit from the said collector of the district in which such still, boiler, or other vessel is intended to be used, or who fails to give such notice shall pay in either case the sum of \$500 shall forfeit the distilling apparatus

thus removed or set up in violation of the law." Clamps Laid Tight Citation of the provision of the law on top of the opinion of the federal prohibition commissioner in Washington, D. C., that it is illegal to make intoxicating liquor of any kind for any purposes home use of otherwise, clamps the lid tight on the "home distillers." Even should these persons who have purchased home made stills from local dealers register them with the government, it would be of no avail, as the ruling forbids the making of liquor even for home use.

McAdoo Pays First Call at White House Since Convention

Washington, Aug. 18.—William C. McAdoo called on President Wilson today for the first time since the Democratic national convention. As he entered the executive offices he was hailed by the photographers. He didn't like the first snap. "That was too solemn," he said, "get one while I am smiling. I don't want anybody to think I am unhappy over the outcome at San Francisco."

Mexico May Reject Terms of Uncle Sam

Mexico City, Aug. 18.—Conditions reported to have been set by Bainbridge Colby, United States secretary of state which recognition may be extended the president Mexico government may be rejected by Mexico, according to an interview with Miguel Alessio Robles, private secretary to Provisional President De La Huerta, in the Excelsior. "Mexico cannot accept the instructions from another government regarding its legislation," Senator Robles is quoted as saying in refer-

Married 50 Years; Man Seeks Divorce

Jefferson City, Mo., Aug. 18.—After fifty-seven years of married life Ammon Wolfe, 84 years old, yesterday filed suit in the circuit court here asking for a divorce from his wife, Mary Ellen Wolfe. In his petition Wolfe alleges that his wife refused to cook his meals for him and left him without cause in July, 1919. The couple have ten children.

SAYS HUSBY AND WORK DIDN'T AGREE.

Denver.—"Judge, he just wouldn't work." This was the reason assigned by Mrs. A. E. L. Stewart, leap-year bride, why she should be given a divorce. They were married Feb. 29, 1916, the odd day which comes once every four years. The first equestrian statue in the United States was that of General Jackson in Washington, erected in 1853.

THE BARGAIN COUNTER

HEALO. Ask your druggist for Healo the best foot powder on the market. My price for carpet weaving including warp is 95cts a yard. Those who have sent their rugs and are not willing to pay this please notify me. The increase in the price of warp has made the advance necessary. A. C. Lease 126tf.

WARNING TO INVESTORS

During 1919 over 2,000 oil companies were formed; 97% of them are worthless. Don't buy stocks unless you investigate. Become a subscriber to Hogan's "Facts & Fakes" of Wall Street and get reports on all securities. We do not buy or sell stocks. We report as to their value. Subscription price is Two Dollars (\$2.00) per year. Write for sample copy. JOHN HOGAN, Inc. 69 Fulton St. New York City 89tf.

FOR SALE

Transportation value \$51.00. Will sell for \$25.00 on the palatial steel steamships Manetou and Puritan. For further particulars call A. G. Evening Telegraph.
